## About the College

Hindusthan College of Science and Commerce (HISAC) was started by Hindusthan Educational and Charitable Trust in 2023 with the primary objective of providing quality education for all students irrespective of caste and creed.

It Provides an active and enriching learning environment that attracts aspiring rural youth to be harbingers of change with its exemplary education through distinctive academic programs that install rigour in the pursuit of knowledge and vibrant co-curricular and extra-curricular activities toward holistic education.

HISAC is committed to groom its graduates culturally sensitive and upholding core values of unity, diversity and integrity by training them in competencies for new domains of knowledge, research and future of work in a globally connected world and make them explore new ideas, be self-reliant and lead from the front.

## About the Department

Department of Computer Science was established in the year 2023. Department offers Four UG Programmes such as B.Sc CS, BCA, B.Sc (IT) and B.Sc AI & ML. With the support of well experienced faculty members, Department regularly organizes seminar, conference and workshops for enriching student's knowledge and skills. The Department has two computer labs with latest configuration systems along with 40 Mbps internet facilities.

## About the Seminar

The main idea behind organizing National Seminar on Cutting-Edge Intersection of Generative AI, AR and VR Applications is to bring the students, researchers & experts in single forum to discuss the recent trends in AI. The aim of this seminar is to impart knowledge to participants in Gen AI, Augmented Reality and Virtual Reality. AR and VR will be the techniques which rule the communication and learning sectors in the forthcoming years.
